Note: The "same store" means the store operated 14months or more. The number of the same store changes every month. The above are preliminary figures. In principle, preliminary figures are announced by the second business day of each month. In cases where a difference exists between the preliminary and final figures, the preliminary figures will be revised to reflect the final figures when announcing the preliminary figures for the following month.

Summary :

In Nov 2017, the same store sales dropped 7.1 % year on year (yoy), while all store sales were down by 10.0% yoy.
The sales of winter apparels had been slow until the mid month, due to the relatively warm temperature. As the temperature dropped, jackets, coats and warm bottom wear began to be sought out but not enough to cover the month's sales. Underwears and homewear were constantly sold well throughout the month.
