Note: The "same store" means the store operated 14months or more. The number of the same store changes every month. The above are preliminary figures. In principle, preliminary figures are announced by the second business day of each month. In cases where a difference exists between the preliminary and final figures, the preliminary figures will be revised to reflect the final figures when announcing the preliminary figures for the following month.

Summary

In September 2018, very strong typhoons and earthquakes in Hokkaido hit Japan. The no. of customers declined due to nonoperative stores and shortened operating hours. The month's sale resulted in lackluster.

As the temperature dropped, seasonal items like, long-sleeved shirts and sweaters showed solid sales performance.

Three new stores in opened in regional shopping centers this month, and many customers have visited our new formatted stores.
